### 3. Reason for the revision

For the first half of the fiscal year ending March 31, 2020, in Semiconductor Peripherals Business, net sales of IC socket and Burn in socket increased in the United States and Greater China. Enplas also booked an extraordinary profit due to a litigation reserve release. As a result, net sales, operating income, ordinary income and profit attributable to owners of parent are expected to exceed previous forecast.

After considering the items noted above, profit attributable to owners of parent is expected to exceed previous forecasts for the full-year consolidated earnings forecast for the fiscal year ending March 2020.
