

To Our Valued Customers

Enplas Semiconductor Peripheral Co., Ltd.

Invitation to the 1st [Kyushu] Semiconductor Industry Exhibition

We are excited to inform you that our company will be participating in the 1st [Kyushu] Semiconductor Industry Exhibition, which will be held at Marine Messe Fukuoka from September 25th to 26th. During the event, we will be showcasing our latest products, and we would like to invite you to come and visit our booth.

We believe that our new products will be of great interest to you, and we look forward to the opportunity to discuss them with you in person.

Please let us know if you plan to attend the event so we can schedule a meeting with you.

Best regards,

Thank you.

■ Products

• **Individual Temperature Control Solutions**

- ① Individual Temperature Control System
- ② Benchtop Low-Temperature Evaluation System

• **Heat Dissipation Solutions**

- ① Heat Dissipation Socket for Fine-Pitch, Multi-Pin BGA
- ② Ultra High-Power Heat Pipe Socket

• **High-Frequency Solutions**

- ① High-Frequency Socket for System-Level Testing
- ② High-Frequency Kelvin Contact Socket

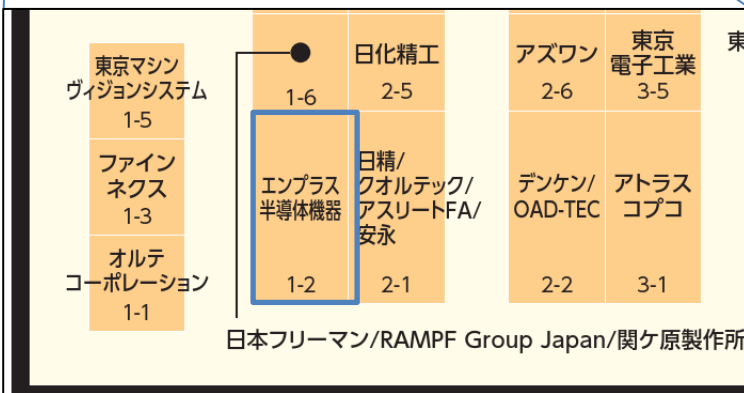

• **Burn-In Solutions for Sensors and Power Semiconductors**

- ① Ultra-High Temperature Individual Temperature Control Socket
- ② Semi-Custom AM Contact Socket

• **High-Current Solutions**

- ① High-Current Kelvin Contact Socket
- ② High-Current Wafer & Chip Contactor
